

**Dr. C. Gordon Hewitt, Dominion Entomologist**, says, referring to the infantile death rate from intestinal diseases and diarrhoea spread by the house fly, he believes that the so-called harmless fly is yearly causing the death of thousands of infants, as well as spreading the germs of typhoid fever.

## LEAP YEAR POEM.

Come all you girls and listen,  
Just hearken unto me.  
And I will tell you something  
That will make your sorrows flee.

I've been thinking of it lately,  
And I'm sure it is a fact for you.  
That all the boys around this town  
Ought to try the Leap Year act.

Geo. Thompson, our patient hardware man,  
For a handsome girl does sigh;  
Just set your case upon the window  
And he'll be your's by and bye.

John Thomas is on the market;  
He says he wants a chosen mate.  
Nab him girls this very moment,  
Before it is too late.

Andy Olson do not forget him,  
Freeze to him this very hour,  
He would make a model husband  
Tho he looks a little sour.

Now here is Emerson Dennis—  
He's just entered in this stride,  
And he says he would be as happy  
With most any kind of wife.

Lee Lockman is our handsome barber,  
And about the girls does rave,  
But if he profits by this leap year  
It will be with a close shave.

If Charles Slaughter wasn't married  
On him we'd have no mercy,  
But we'll have to let him go,  
And take our tramman, Percy.

Chris Lohndorf has just come west,  
And wants a girl that to him is new,  
But while firing on the fresh train  
Often sighs, I guess, any thing would do.

Joe King, our handsome fellow,  
Girls you must look out for him,  
Do not mention life-long friendship  
Or he'll surely rope you in.

Tux Caines is a good fellow,  
Just ask him over to your house to sup,  
It doesn't matter if he's practised the act,  
Of always looking up.

John Mason is so lonely,  
Or if he's not I'll miss my guess,  
Now be careful dear young ladies,  
Because he'll surely answer yes.

Arthur Hewlett is still longing  
And watching still for one of you,  
And exclaiming in his anguish,  
O lord, any thing will do.

Ben Swenerton has gone away,  
And that's his last alone,  
There was some hope for him one time  
At the end of a telephone.

Shorty Girling is still waiting,  
And let me give you girls a punch,  
Who so ever gets his fellow  
Will surely get a honey bunch.

Frank Bragdon is another,  
And you will agree he is not so old,  
Now dear ladies just ask him,  
Because on you he will spend his gold.

Ed. Jackson is a bright fellow  
And you would never have to fear,  
Cause you will always have a fire,  
And those that stand a show.

Pete Schack if left out  
Would find the paper and tear it,  
But we can't carry so very much  
For he's always gone to Millet.

Adolph Gilbertson the not in town,  
To Bitter Lake does long to go,  
To visit his ths Parents,  
And those that stand a show.

Geo Wyatt has been patiently  
Looking forward to this year,  
Now if you would pop the question,  
It would fill him with good cheer.

Billy Moore is an ideal man,  
And you could have him if you tried,  
But one steady job you would have  
To keep his shoe-strings tied.

Chester Dodge is a handsome man,  
And surely knows how to laugh,  
But I'm sure if you'd propose  
For his license he would telegraph.

Fred Nelson has just landed  
From the city of Chinoak,  
But don't waste time on him  
For another girl he took.

Gus London is very clever  
And does not like the girls,  
But if you would pop the question,  
It would fill him with good cheer.

## Excels for making

## PURITY FLOUR

For Sale by Montgomery & West

But I am sure you could win him  
If you'd put your hair in curls.  
And never was known to frown,  
But girls there is not much hope,  
For he prefers the out-of-town.

And Magnus Hjord, dear boy,  
I must forget to mention him—  
Is always on the looking,  
To find a girl that's slim.

Gez Mayhemson of course,  
We'll not forget to tell him in  
Most, any girl can tell for sure,  
She'd give her heart to win him.

Though Billy Tate has been noted  
As a lover for bachelor flowers,  
There he still a chance to win him  
In the warm, still evening hours.

We had thought that John Groszley  
Long ago had made a catch,  
But you hadn't better ask him  
Unless you want to make a catch.

Willie Hume is still longing,  
That for him you'll set your sail;  
Courage, sister do not falter,  
For he carries Dominion mail.

Joe Vau wants a helper  
He needs one lady he told us so—  
Now if you will help him out  
The rest I'm sure will let you go.

Jessie James, tho' he is small,  
Will make a first-rate man;  
Just pop the question to him  
And get him if you can.

Perry Zimmerman is a fellow  
With dark brown curly hair,  
And will take most any woman,  
Fat or lean—he doesn't care.

Charles Yeandle is ready any day  
To buy his wedding suit;  
What joy with music in the air  
Footsteps of love.

And the accomplished man, too,  
He will have his arms some day,  
This little B. Underwood  
And use the hammer and sledge.

But you could love him if you would,  
Slim Olson, now here's a nice  
That might some day see his  
We'll set our cap and catch him now  
Before he weds the stars.

Billie Hughes, our future mayor,  
Would exempt most any happy face  
But alas, with that he'll lose his power  
For it may be a travelling case.

Geo. Shrouder is just a little proud,  
But can easily be taken down;  
Just go ahead and ask him  
For he will take any girl in town.

Now dear girls do not be bashful,  
For I know the way is clear;  
And remember what I tell you  
It's quite a while till next year.

## FIVE THOUSAND CARS IS FREIGHT RECORD

That Wetaskiwin is a great freight distributing centre is proven by the fact that over 5000 cars freight have been handled in O.P.R. yards weekly for the past three months. The office staff in the freight office here has been increased to handle the steadily growing trade which is pouring into the yards. It is expected that at the C. P. R. will shortly have to increase the size of their yards to accommodate this increase in business at this point.

The district around Wetaskiwin is settling up in a marvelous manner; farmers are coming in every day bringing their worldly possessions, and this is a sign that they have come to stay. Within the last week a large number have located here from the United States the majority of them being well to do. They all speak of Wetaskiwin and district as being the very best district that they ever have been in.

## (NATURAL GAS AT TOFIELD.)

There were 400 feet of water and mud in the well in which the tools were working, and as the seam was exposed a geyser spouted forth to a height of forty feet, bupattering houses across the street. Capping operations will be commenced as soon as the wind is favorable. The boilers used in connection with the works have been removed for safety from their location forty feet from the well to 120 feet as it was feared that erupting gas might cause an explosion. Workmen will proceed at once to clean up the well, and about a month will pass before capping is completed according to drillers estimates.

The well is close in to town. Since drilling was commenced under the auspices of the municipality a year ago \$11,000 has been expended. Mr. Elder, the gas expert who drilled the Bow Island well, from which natural gas to supply Calgary will be obtained, declared that the flow could not be less than 1,500,000, while he believes that it will be in the neighborhood of 2,000,000 cubic feet per day. He expresses the opinion that the seam is identical with the seam which underlies the whole of the province, extending from Medicine Hat to Port McMurray, Medicine Hat to Port McMurray, Medicine Hat to Port McMurray. Real estate in Tofield has advanced from 50 per cent to 200 per cent, since Frisky morning.

## CANADIAN RURAL MAIL

The postoffice department has decided to improve the rural mail delivery service of Canada within the next few months to the extent of providing at every farmer's gate all the facilities necessary for transacting general postoffice business. When the courier drives up to the mail box in front of the farmer's home, he will be prepared to sell stamps, issue postal notes or money orders and to accept letters for registration. If the proposed new system works out successfully it will no longer be necessary for the farmer to visit the postoffice, excepting in cases of specially important business.

A story of extraordinary dealness was recently related at a meeting of a medical society in Philadelphia. An elderly lady, exceedingly hard of hearing, lived near the river. One afternoon a warship fired a salute of ten guns.

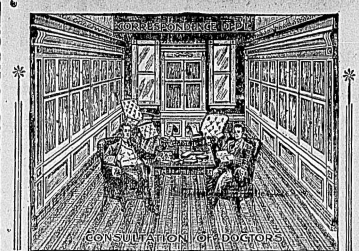

"The woman," heard alone in her little house, waited until the booming ceased. Then she smoothed her dress, brushed back her hair, and said sweetly: "Come in."

Lady—at fashionable ball: Do you know that ugly gentleman sitting opposite to us?

Partner: That is my brother, madam.

Lady—in confusion: Ah! I had not noticed the resemblance.

## WE REPAIR WEAK MEN

ONE SECRET OF OUR SUCCESS. Every case submitted to us receives the personal attention of our medical staff, who consider the symptoms, complications and chronicity, and then decide as to the disease and curability. Specific remedies are then prescribed for the case and are compounded by our own chemists in our own Laboratory. Such appropriate treatment cannot fail to cure, as specific medicines are selected to cure the symptoms that trouble you. We have no curable medicines like most specialists who send the same medicines to all patients alike and cure none. We have treated patients throughout Canada for over twenty years and can refer to you a host of our responsibility.

We Guarantee Cures or No Pay. We Treat all Diseases of Men and Women.

IF Unable to Call, Write for a Question List for Home Treatment.

**Suffered With Nerve Trouble FOR TWO YEARS IMPOSSIBLE FOR HIM TO SLEEP**

Mr. Chas. W. Wood, 34 Terrace St., Montreal, Que., writes:—"For two years I had suffered with nerve trouble, and it was impossible for me to sleep. It did not matter what time I went to bed, in the morning I was even worse than the night before. I consulted a doctor, and he gave me a tonic to take a half hour before going to bed. It was all right for a time, but the old trouble returned with greater force than before. One of the boys who works with me, gave me half a box of Milburn's Heart and Nerve Pills. I took them, and I got such satisfaction that I got another box, and before I finished it I could enjoy sleep from 10 p.m. until 6 a.m., and now feel good."

Milburn's Heart and Nerve Pills are 50 cents per box, or 3 boxes for \$1.25, at all dealers, or mailed direct on receipt of price by the T. Milburn Co. Limited, Toronto, Ont.

**PICNICS ON DOMINION DAY**

A basket picnic will be held in the Weiler school district on Monday next, commencing at eleven o'clock. The public is requested to assemble at the Weiler school, and from there the gathering will proceed to the grounds. Games of all kinds will be indulged in. Refreshments will be served in the evening. All cordially invited to attend.

A general picnic will be held on Dominion Day at the old picnic grounds near the Todd Crossing. A good time is assured all who attend. Everybody is invited, and don't forget to bring the basket.

A picnic will also be held at the east end of Hard Lake, two miles east and two and one-half miles north of Weiler's corner, on July 1st. A full line of sports will be enjoyed. Everybody is cordially invited. Ladies are requested to bring well-filled baskets.

Sam. Groves, of Castor, was renewing acquaintances here last week.

Legal vacation commences on Tuesday next, when the court house officials conclude their day's work at one o'clock.

Mayor Knox has commenced the construction of a handsome residence on Dickson Avenue. When completed, this will be one of the finest houses in the city.

M. M. Gillis, publicity commissioner, is exceedingly busy these days answering communications which are received as the direct outcome of literature issued from the publicity office. He is also in communication with a large concern in Saskatchewan, wishing to establish headquarters in Alberta, and is hopeful that he will succeed in inducing them to locate here. The name cannot be revealed at the present time, but when it is announced it will come as a surprise to the public.

Edmonton, June 21.—That Alberta is threatened with a grain blockade more serious than that of any previous year, in the belief of Hon. Chas. Stewart, minister of municipalities, who came into the city Thursday morning after a tour of the province in connection with the new rural municipalities act.

Canora, Sask., June 22.—Two hundred and eighty three Doukhobors left here in a special train Friday for Nelson, B. C. They had special cars for their horses. Sixtyfour in all have left here during the last two months to engage in fruit farming in B. C.

## Sunday School Lesson

By EVANGELINE

**REVIEW**  
June 30th.  
The key note to the quarter's lesson  
is the Golden Text—"I came not  
to destroy but to build."  
Campbell Morgan's comments upon  
this are so to the point that we  
give them in toto.  
The first lesson of the quarter, taken  
on Easter Sunday was the resurrec-  
tion in which our Master was  
demonstrated as having fulfilled their  
purpose of God, both in His own  
life, and in that work of the cross  
which eventually will make possible  
the establishment of kingdom.  
In the second we saw His fulfill-  
ment of the Sabbath, ideal as against  
the misrepresentation of the teachers  
of His time.  
In the third concern of the appoin-  
tment of the twelve we saw Him pro-  
ceeding to the fulfillment of that pur-  
pose wherein the Hebrew people had  
failed as He called them to trust be-  
lieving in fellowship with Himself.  
In the fourth we have the fulfill-  
ment of revelation as to the charac-  
ter necessary in the kingdom of God.  
In the fifth concerning poverty and  
riches, there was the fulfillment of  
revelation concerning life and its  
true sustenance.  
The sixth had to do with the re-  
velation of love as the secret of the  
fulfillment of the law.

**ALBERTA SUMMER SCHOOL**  
The Alberta Summer school being  
held at Cooking Lake, July 10th to  
Sylvan Lake, July 24th to Aug. 2nd,  
Banff, Aug. 7th to 16th, are under the  
joint auspices of the Evangelical de-  
nominations, and the Alberta Sunday  
School Association. The denomina-  
tions are supplying the lecturers, and  
the Sunday School Association, the  
accommodation including grounds,  
and equipment. The heartiest co-  
operation is being exercised in the at-  
tendance and it is expected that the at-  
tendance will be large.  
The Registrar of Cooking Lake Sch-  
ool, is Rev. A. E. Hayes, Alberta Col-  
lege, Strathcona, of Sylvan Lake Sch-  
ool, E. M. Wilson, Red Deer, of  
Banff School, L. V. Lynn, 719, 19th  
St. W., Calgary.  
Any enquiries re the Summer Sch-  
ool work may be obtained by apply-  
ing to the Alberta Sunday School As-  
sociation, Calgary.

A leading western statesman esti-  
mates that Canada will have 100,000  
inhabitants at the end of this  
century. It may sound big today, but  
remember that it would be only about  
equaling the record of a neighboring  
country of similar dimensions in a  
similar period.

I  
want  
you  
for  
my  
neighbor  
in  
B. C.

## PRIZE WINNING

### B. C. Fruit Lands

OWN a five acre fruit and poultry tract (or more) in British Columbia  
and be independent for life. \$29 down and \$10 a month pays for it. No  
interest and payments extended in case of sickness. From \$500 to \$1,500  
per acre realized by ranches in the famous prize-winning district,  
the Main Kootenay Lake. Ideal climatic conditions, no rainy seasons, a  
coast; no dry seasons or irrigation needed as in the Okanagan and Gran-  
brook districts. See Government reports. The main lake never freezes over  
and boats run the year around—see reports of other districts. I spent  
years in finding this ideal spot. I live there myself. I call my own fruit  
ranch 69 acres—"The Honeycomb Place." Send for my booklet entitled  
"Homeseking." It tells you all you want to know about that great Brit-  
ish Columbia country, and there are scores of questions answered.  
The new booklet, "Harris' New Method of Apple Culture," tells you  
how apples can be made to come in to commercial bearing the second year.  
The old way you had to wait five years. Where a farmer made \$1,500 he  
can now make \$3,000 per acre. It is free if you will send me ten of the  
names of your friends or relatives who may be interested in buying fruit  
lands. I have sold to over 400 people the last four months and would be  
pleased to send you copies of some of the nice letters they have written to  
me, which I received from those who have visited their holdings which  
I picked out for them.

I refund you your money if after seeing the tract, I select for you you  
are not satisfied with it or with the rest I have to offer. If you cannot  
go on to your tract and wish to resign your present position for a few  
years and spend your vacation out there I will agree to plant it and take  
care of it for five years at a small additional cost and give you a share  
of the profits from crops. I allow you a discount of ten per cent. for cash  
and give you a good commission in case you can secure buyers for me.

My monthly price list for wild and improved tracts will interest the  
most careful buyer. My next excursion will be leaving Winnipeg June 27,  
and I will be pleased to have you join me. Send for my famous "Kootenay  
Magazine," issued monthly, illustrated and full of good things about this  
wonderful country. \$2.50 per year, or 25c for sample copy. A year's sub-  
scription for 20 names and addresses (written plainly) of people interested  
in B. C. fruit lands.

Write me at once, giving name of a reliable reference, your nationality,  
amount you wish to invest, and I will forward booklet, map, etc. Ad-  
dress me personally at head office:

place a knocker anywhere near the  
throne.  
Nearly every district throughout  
western and the army-worm, has been  
of the four provinces is arranged to be  
represented at the great International  
Dry-farming Congress at Lethbridge,  
Alberta, October 21-26 next, and,  
in view of the fact that more than 110,  
000 of prizes have already been an-  
nounced, and more are promised, it  
behoves every farmer in this com-  
munity to get busy and join with his  
neighbors in arranging for the exhib-  
it that will capture the sweetest prize.  
It will be a boost for our district,  
and it will place us in the power of  
the knocker, and a special meeting  
should be called at once and  
we should make our preparations  
right now.

### CUT WORMS AND ARMY-WORMS.

Two species of caterpillar, the cut  
worm and the army-worm, have been  
considered by the officials of the  
Experimental Farms to be of suffi-  
cient interest to the crop growers in  
Canada to warrant the preparation of a  
bulletin upon them for public dis-  
tribution. These two common enemies  
of crops are with causing every year  
damage amounting to a large sum of  
money, reaching in some seasons  
hundreds of thousands of dollars.  
They are both night feeders and are  
most destructive early in season when  
vegetation is tender and, therefore,  
easily eaten off. Clean cultivation  
and the encouragement of birds are  
recommended as factors in the con-  
trol of cutworms. The distribution  
of poisoned bran and fresh clover is  
also advised where practical wherever  
the worms are detected. To check  
the progress of army-worms on mar-  
ch lawns with holes dug at inter-  
vals are said to be effective. This  
illustrated bulletin of 29 pages No. 3,  
of the Division of Entomology and  
Vol. 7 of the Experimental Farms,  
was prepared at the request of the  
Dominion by Chief Assistant, Mr. Ar-  
thur Gibson. It is published by the  
Department of the Hon. Burrell, Minister  
of Agriculture. Copies may be ob-  
tained by applying to the Publication  
Branch, Department of Agriculture,  
Ottawa.

### STROME

The Spring Lake creamery has  
closed its doors for business. The  
creamery was under government con-  
trol, and run on co-operative prin-  
ciple. The competition of an ad-  
vanced branch depot at Strome is said to  
have been the factor in the withdrawal of sup-  
ply. The creamery and its associated  
branch depot at Strome is said to  
have been the factor in the withdrawal of sup-  
ply. The creamery and its associated  
branch depot at Strome is said to  
have been the factor in the withdrawal of sup-  
ply.

Alberta seems to be better situated  
with regard to moisture than the  
other western provinces. There seems  
to have been an over-abundance of  
moisture in the other provinces, but  
in Alberta there seems to have been  
the right amount.

Lethbridge, June 19.—The Southern  
Alberta wool clip this year will be con-  
siderably in excess of the million  
pounds mark. There are over one hun-  
dred thousand sheep in the district  
now, which is close to twenty-five  
good prospects for 50 per cent. in-  
crease during the year.

The attractions at the Calgary In-  
dustrial fair this year will be ex-  
ceptionally high class. This exhibition  
in the past has set a high standard for  
these events but it has exceeded it-  
self this year. The great Navarre  
Ladies Band which in the past has  
been so popular will again be seen  
and heard here.

## You Do Not Know Where to Invest?

Let us tell you. There should be no difficulty about a matter of this kind if you take the trouble to exercise ordinary care and common sense. You would not select an old deacony city whose people has almost ceased to be what you would? No, you would put your money into a "Going Concern" where there is Life and Hope!

## Well! Why Don't You Try the West

We suggest the West, because the West spells progress! Here are the cities of the future, where hamlets existed a few years ago. Here are the towns which possess both sea and rail transportation facilities! Here are the towns whose strategic positions ensure them becoming large commercial distributing centres in the near future! Here is **Alberta** the future Liverpool of Canada.

## A Seaport Town of No Small Renown

So situated at the head of Alberni Canal on the West Coast of Vancouver Island, its importance as a Seaport town cannot be doubted, or too strongly emphasized. This Canal opens itself out into the Pacific Ocean, after its land locked course from Alberni, extending for a distance of 26 miles. Its water is of great depth permitting of safe navigation to the largest vessels plying the West Coast, and being only two to three miles in width, an investment in a place possessed of such enviable features.

## Must Surely Be One of the Best!

Yes! Without a shadow of a doubt, it is one of the best! Don't be asleep to these great chances, which do not come too often. Remember **Alberni** is at present served by one great transcontinental railway, the Canadian Pacific Railway, and by the end of the year, the Canadian Northern will have completed its track into Alberni. Then will come the bridging of the Seymour Narrows, connecting the Island with the Mainland. Mails and passengers from the Orient and other routes via the Panama Canal, to be opened next year, will be landed at Alberni and transported by rail to Vancouver, saving from eight to twenty-four hours to the present route.

**Alberni** therefore is where you should invest. Lots can be bought for \$150 inside the town limits. Easy terms. 10 per cent. Cash, 5 per cent. per Month.

Test it for yourself. Buy a lot to-day, and help to develop the West.

**Wollin & Slaughter**  
WETASKIWIN, ALBERTA

### HOT WEATHER "DON'T'S"

Summer's arrival will be the signal for the publication of various articles in this issue on first aid to heat victims. The following list of "don't's" represents the boiled down wisdom of a dozen physicians on the subject of how to be happy through hot:

Don't expose yourself to the direct rays of the sun in Midday, nor at any other time if it can be avoided.

Don't drink beer, whisky or other alcoholic drinks. Soda water, while not so harmful, is best alone. Ice water is deadly. Cool water is the best summer beverage, although cool—not ice-cold—is permissible in small quantities.

Don't eat ice cream candy, beef or pork. Eat little meat, and that principally fish and chicken.

Don't wear tight shoes, long sleeves high necks nor corsets if you are a woman; a man, avoid stiff collars and wear no more than the law demands.

Don't spend your evenings indoors, don't hurry nor worry about your work, and take a short rest and relax fully after your noon luncheon.

Don't work in hot ventilated rooms. Don't let your body overheat, your work, and take a short rest and relax fully after your noon luncheon.

Don't forget to take a cool or cold bath in the morning and another at night. Or very hot days, a cold plunge at mid-day is desirable.

Don't talk about the heat to everybody you meet. Forget it as much as possible. A picture of a polar scene above your desk might help. If you must worry then worry about the poor equinox who may be freezing to death.

Don't go to crowded amusement places if you have a tendency toward suffering from a heat stroke. Summer parks kill more than they cure.

The display agricultural implements at the Calgary Industrial Exhibition, June 28 to July 5, is greatest exhibit of such machinery that has ever been brought together west of Toronto. In fact it is on par with the great Toronto show. A strip of ground 1200 feet in length has been reserved south of the track for the placing of these exhibits, and it is accommodated all this display. So great has the city been this year the fair management, in co-operation with the implement companies has found it necessary to build a special unloading platform for this machinery.

Hundreds of the finest bred live stock of Ontario, Manitoba, Saskatchewan, Alberta, British Columbia will be seen at the Calgary Industrial Exhibition, June 28 to July 5. The Stock parade of prize winners which will go held in front of the grandstand at 3.30 on the afternoon of July 4th is itself well worthy a trip to witness.

The entries are fuller than ever before the exhibitors have brought grain and stock and the exhibition management is highly pleased with this portion of the fair.

The display attractions at the Calgary Industrial Exhibition, June 28 to July 5 are especially interesting. The management has secured the Herbert A. Kline show and Mr. Kline is bringing the full line, necessitating the use of six sleeping cars and six extra cars or paraphernalia. He has Grey, one of the rovers with the wild west show accompanies the aggregation has to be held in the world's championship roping contest which is to be held in Calgary in September.

The excursion to Banff, given by the management of the Calgary Industrial Exhibition at the close of the fair on July 5th is always a great success. It enables visitors to Calgary to see the great dominion park at Banff for a nominal sum giving them a full day in which to enjoy the pleasures of the famous mountain resort. The fare for the round trip is \$2.80 children half fare. It leaves Calgary at 8 a.m. and returns from Banff at 8 p.m.

### THE CROP PROSPECTS

Another week of good weather has been added to the crop-growing period of Western Canada. It is true a couple of days at the first week were very cold and two or three of the latter part of the week were probably some damage might have been done were it not for the high winds, which prevented it. The only feature that the pessimists have told on is the fact that owing to the cool and damp weather in the latter part of April and the first part of May, the growth is a little later than a year ago. There is, however, little cause for alarm on this score with the growing conditions so favorable during the last three or four weeks.

The wheat plot is more than a foot high in many places and the average height is said to be about eight inches. The coarse grains have made a good start, and altogether the outlook is very encouraging. The first estimate of the wheat crop is from James Carruthers, grain merchant, Montreal and Winnipeg. He predicts a yield of 250,000,000 bushels. Even if the rest of the season were not as favorable as we all hope, an output not less than 200,000,000 bushels may be expected anyway.

The spring crop report of Manitoba agricultural department has just been issued and it indicates excellent conditions throughout the province. It places the area under all grains at 2,235,557 acres, and the total under all crops, 6,483,092 acres. This is a considerable increase over the area last year. The wheat acreage is given at a little less than a year ago, but the other grains show a substantial gain. The season for the drop is, what figures is the frequency of the rain falls during the seedling period, which forced the farmers to sow with coarse grain much land that was intended for wheat. It is not a bad feature, however, to have a good mixed crop. It is gratifying to note that there is a steady tendency in the province toward mixed farming.

### FESTIVE BEEFSTEAK

Beefsteak is an alleged article of food from cows which are too old and feeble to resist. It is the most thrivable form of meat, cow in mass and is capable of great resistance. Beefsteak is usually bought on the hoof at 3½ cents a pound by liberal farmers known as packers, who wish to act for their country's good and at the same time extract a bare living profit for themselves and their dependent families. By the time they have transformed the hide into a porcupine coat, the horns into shovels and the hoofs into shaving soap what is left is sold at 25 cents a pound to people with rubber-steth and a love of adventure. In order to be thoroughly enjoyable, beefsteak should be cooked over a slow fire for one week prior to the noonday meal. The most expensive variety is porthouse steak, one slice of which will cause a 32-week salary to sag at the knees. This kind of meat is undressed and allowed to ferment in a refrigerator, and is never served until old age has put it on the defensive. The rib steak is a cruel imitation of the porthouse, and has to be assaulted with more determination. Then there is that hairy household favorite, the round steak which has a very sallow disposition and has to be carved with a two-handled crosscut saw. The flank steak is a by-product with a cravenest disposition should either be fertilized or fed to some household pet. The fibre of the average hotel beefsteak is not appreciated by anything except the split bicyclo spoke and the better grades of linoleum, and is seldom molested by anybody after the first round. The fortitude of the American cyclist reflects in the fact that the American character and stamina, neither of which is afraid of anything. A brisk bout with a beefsteak three times a day may enlighten her way and her nerve and it is making Africa the reddest-blooded island of the nation of the world.

### MIXED FARMING FARMS TO BE ESTABLISHED BY C. P. R.

## Farmers!

Please remember that we pay the Highest PRICE for Fat Cows "Steers" Hogs "Chickens" Butter and Eggs

## Royal Meat Market . . .

farmers for these farms are already on their way out from England. A further announcement that next year the company would extend the system of ready-made farms to Manitoba was also made this morning.

### FUSILIERS GO SOUTH FOR ANNUAL TRAINING

The 101st Regiment, numbering about 300, left Sunday night for Calgary, where they will enter camp for one week. The train left the south side station at 12.15. The men reported at the second street armories, at 8.30, and left for the south side at ten o'clock. The regiment will return to Edmonton on Sunday next. The camp will not be confined to a narrow as a large number of cavalry are in attendance or will attend. In all, it is expected that 2,000 military men will be in Calgary this week.

Men and Women, you now have a chance of Regaining your Health since the Importation of

## VIGOROL

The Great French Tonic in Wetaskiwin by Watway the leading druggist and stationery.

Weak and run-down, tired and full of pains. Do you know you can feel better in a few days if you are only wise enough to take VIGOROL, the Great French Tonic. Your pains and aches will go. If you are run-down, ambitious, tired and lazy, VIGOROL will make you strong. VIGOROL builds up the system, purifies the blood, removes rheumatism, cleanses the whole system, drives out everything that pertains to disease. Disease cannot live where VIGOROL is. Why suffer? Surely your life is worth a few dollars. Well then, you can buy VIGOROL for one dollar a bottle at Watway's drug and stationery store.

## BECAME SO WEAK FROM DIARRHOEA Had To Quit Work

Diarrhoea, especially if left to run any length of time, causes great weakness, so the only thing to prevent this is to check it on its first appearance. You will find that a few doses of Dr. Fowler's Extract of Wild Strawberry will do this quickly and effectively. Mr. J. R. Childhouse, Orillia, Ont., writes: "When in Fort William, last summer, I was taken sick with Diarrhoea, and became so weak and suffered such great pain, I had to quit work. Our manager advised me to try Dr. Fowler's Extract of Wild Strawberry, so on my way home I bought a bottle, and after taking four doses I was cured. We always keep a bottle in the house. We have also used it for our children, and find it an excellent remedy for summer complaint."

Price 35 cents. When you go to get a bottle of "Dr. Fowler's," insist on getting what you ask for, as we know of many cases where unscrupulous dealers have handed out some other preparation. The genuine is manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

For Sale by Red Cross Drug Store

WHEN bestowing a gift, you want to be sure it's worthy in every sense. No matter how small it may be, it acts as a remembrance of the donor, and no person wants to be remembered by a shoddy gift.

Wetaskiwin, Alberta

## Will you be one of the 108 farmers who will receive our Prize Contest checks?

THERE will be twelve cash prizes in each of the nine provinces (108 in all) in the 1912 Prize Contest for Canadian Farmers. The 1911 Contest was so successful in awakening interest in the use of Concrete on the farm, that a second contest, in which three times as many prizes are offered, was decided upon for this year. The Contest this year is divided into three classes, "A," "B," and "C," and there will be four prizes in each class. (First prize, \$50; Second prize, \$25; Third prize, \$15; Fourth prize, \$10.) Thus there are three \$50 Prizes, three \$25 Prizes, three \$15 Prizes, and three \$10 Prizes, for each province.

### DESCRIPTION OF CLASSES

In Each Class there will be First, Second, Third and Fourth Prizes (\$50, \$25, \$15, and \$10) for Each Province.

CLASS "A"—Prizes to be awarded to the four farmers in each province who use most "Canadian" Concrete on their farms in the year 1912.

CLASS "B"—Prizes to be awarded to the four farmers in each province who used the largest quantity of the best concrete work done with "Canadian" Concrete on their farms in 1912.

CLASS "C"—Prizes to be awarded to the four farmers in each province who used the best concrete work, including both new and old concrete work, was done with "Canadian" Concrete. (Excludes for this prize must be accompanied by photographs of the work.)

Don't think that you must use a large quantity of concrete in order to win a prize. The quantity of concrete used does not count in Classes "A," "B," and "C." Many of last year's prize winners used very little concrete.

When you enter the Contest, you have a chance to win a cash prize of \$50 as well as the certainty that you can use the concrete you win in your employment to your farm.

If you haven't a copy, be sure to ask for our book, "What the Farmer Can Do With Concrete." It will not only suggest many improvements that you can use in entering the Contest, but will tell you all about the use of concrete on the farm.

Just write your name and address on the enclosed coupon, or use a pencil and we will send you a copy of the book "What the Farmer Can Do With Concrete" and a copy of "What the Farmer Can Do With Concrete" to you.

"Running on HOWARD time"—the "old man" himself can give no higher praise. Railroad officials, engineers and conductors are

giving a hearty welcome to the new HOWARD Railroad Watch—a lever-  
294  
-type timepiece with all the HOWARD accuracy and dependability.

The HOWARD balance wheel is of steel—specially hard tempered. It will not knock out of true when the engine slams her flanges against a curve at top speed. It pulsates steadily despite the quiver of a train doing a sixty-mile clip.

HOWARD special Railroad dial has minute numerals from 1 to 60 running around the dial. A single glance tells the number of minutes past the hour.

Price paid by a printed ticket attached at the factory—\$50 to \$140. Let us show you this distinctive watch.

## Town Topics

Mr. Fraser, of Cookshire, Que., was visiting friends in the city on Wednesday of this week.

Mrs. Miller and Miss Miller left on Monday to join Mr. Miller, who is performing homestead duties at the Hand Hills.

Mrs. J. F. Richards and sister, Mrs. Geo. Crocker, autted to Camrose last Friday, where they took the train for Donalda. They will visit relatives there.

The passenger train which arrives here at 10:20 was delayed at Millet for a couple of hours on Tuesday, owing to an accident to the engine.

R. W. Manley and Court Stenographer H. E. Cutler, left for Wainwright on Tuesday morning. From there the latter will proceed to Poplar Hill, Ont., where he will spend the legal vacation.

Another vacancy is to be created on the public school staff in the city at the midsummer vacation. Miss Burns having accepted a situation on the staff of the Edmonton public schools.

As a safe-guard buy nothing in the baking powder line unless all the ingredients are printed on the label. The manufacturers of the brands of baking powder in which large quantities of alum are used, are afraid to print the ingredients on the label as no person would buy it at any price. Magic Baking Powder is pure and guaranteed not to contain alum.

The Misses Bailey, daughters of C. Bailey, who have been spending the past year with friends and relatives at Cookshire, Que., returned to the city last week. The family are again taking up housekeeping, having leased the Lake residence on Pearce street west.

Hugh McGrandle, D.L.S., came down from the Foot Hills this week to look after some business affairs. He returned again this week. He has a big season's work ahead of him, he hopes that the dig gang he has engaged to complete the work allotted to him early in the autumn.

## Dr. Morse's Indian Root Pills

owe their singular effectiveness in curing Rheumatism, Lumbago and Sciatica to their power of stimulating and strengthening the kidneys. They enable these organs to thoroughly filter from the blood the uric acid (the product of waste matter) which gets into the joints and muscles and causes these painful diseases. Over half a century of constant use has proved conclusively that Dr. Morse's Indian Root Pills strengthen weak kidneys and

## Cure Rheumatism

J. J. Christopher left on Friday last for Tignish, P.E.I., where he will spend a month or six weeks renewing acquaintances.

Miss Agnes Thorsley, who has been continuing her musical studies in the city, during the spring, left this week for her home near Ryley. Several social gatherings were held during the week in her honor.

A report was in circulation this week that P. H. Thibault, school inspector at Lacombe, was brought home by his team with his lifeless remains in the rig. A telephone conversation with the family, however, revealed the fact that Mr. Thibault is hale and hearty, and never felt better in his life. It is beyond all conception where such rumors have their origin. The party or parties starting such reports should be prosecuted to the limit of the law.

## A Safe Guide

to follow in selecting a farm is to go out and see it at just one of year, while the crops are in the barns, before they are fed up. You can see then just what it will produce and do not have to take anyone's word for it. We have some that are famous producers and are making good money for their own every year. Better come in and see us about them.

## ENJOYING THE BEST OF HEALTH

"Fruit-a-lives" Cured His Rheumatism

Prof. J. F. Davis

I want to say to the people of Toronto and elsewhere that "Fruit-a-lives" is my only medicine and has been for the last four years. Previous to that, I had been very much troubled with Rheumatism and Kidney Disease, and taking many remedies as well as employing hot applications of salt bags etc., without getting satisfactory results. Noticing the advertisement of "Fruit-a-lives", I adopted this treatment altogether and, as everybody knows, since taking "Fruit-a-lives" I have been enjoying the very best health and find it a pleasure to follow my vocation of Dancing and Department Instruction.

Prof. J. F. Davis.

Immortal, June 22.—While the other frantically sought to enter the house by door and window and by chopping a hole in the wall with an axe, the six months old child of Mr. and Mrs. William Morrison whose farm is seven miles northwest of here was cremated in the burning building. Mrs. Morrison had lit the fire in the kitchen and had gone out to the dairy to attend to some work, leaving her boy about two years old upstairs, while the infant was asleep downstairs. She had been at work in the dairy for some time when the boy came running to her screaming. Not knowing what was the matter she picked him up and soothing him but on looking towards the house saw smoke issuing. She made efforts to enter by the door and window, but was unable to do so and then tried to shop a hole in the wall opposite the spot where the child lay. This she was unable to do, and the house was destroyed with the child in it.

## COMBINED BOY SCOUT CAMP.

The following is taken from the Ponoka Herald of last week, and gives information regarding a Boy Scout Camp to be held the third week in July.

The Sub-Committee appointed by the District Association has decided to hold a Boy Scout Camp at Ponoka from Monday, July 15th, to Saturday July 21st. Troops wishing to stay longer will be able to do so.

The camping ground will be on sloping, wooded grounds on each side of the Battle River some 500 yards from the depot.

There is good bathing in the River. The Scouts will have the use of several boats and canoes.

A challenge Cup has been offered for baseball to be competed for by the different troops. Other sports will be arranged.

It is suggested that a Rally, and Display be held for the general public on the Thursday and the town will entertain the Scouts on Friday evening.

Mr. C. Gordon, assisted by Rev. O. Crighton, will be in general charge of the Camp and scouting work.

Rev. A. M. Dallas and Owen Williams, of Ponoka, will form a sub-committee to be responsible for local arrangements and will have charge of the sports programme.

Each troop will camp separately, and make arrangements for its own commissar at the local committee will as far as possible assist troops with tents, cooking utensils, and such supplies as potatoes and flour.

"Mamma," said little Jane, "do me ever go to heaven?"

"Why, of course, my dear. What makes you ask?"

"Because I never see any pictures of angels with whiskers."

"Well," said the mother thoughtfully, "some men do go to heaven, but they get there by a close shave."

A farmer was paid for the first time in his life by cheque.

"What's this?" he said.

"Why, brass for the beasts," said the cattle-dealer.

The farmer stared, and had to be assured that if he took it to the bank they would give him gold for it.

"Well," said he, "aw! I try, but if it's a wrong 'un th'll hear about it."

The cheque was cashed, of course, and the farmer went home happy, but could not sleep. He had seen a wonderful thing, and it had excited him.

As soon as day broke he made for the cattle-dealer's house and woke the dealer.

"It's me," he said. "Where's to

## Demise of Mrs. Fox Presentation to Miss Crocker

Another old-timer of the Wetaskiwin district was called to her long home on Thursday last, in the person of Mrs. Fox, at the advanced age of seventy-one years. She was a native of Stratford, Ont., but resided for several years in Iowa, before coming to Alberta to make her home with her son-in-law, Mr. D.E. Boyd. Deceased was held in the highest esteem, and always had a cheery word of advice for her friends wanting consolation. The funeral took place on Saturday, the service at the residence and graveside being conducted by Rev. A. R. Aldridge, B. A. The sympathy of the entire community is extended to the bereaved relatives.

The choir of the Presbyterian church and a few invited guests tendered Miss Crocker of the Alexandra school teaching staff, a farewell social at the home of Mrs. J. West on Tuesday evening last when a most enjoyable time was spent. During the evening, Miss Crocker was presented with a beautiful silver tray, on which was engraved the words "Miss Stella Crocker from Wetaskiwin Presbyterian church choir, June 25th, 1912." Rev. C.E.A. Pock, B. A., made the presentation in a few well chosen words and Miss Crocker made an appropriate reply. Miss Crocker leaves for a few days for her home to make arrangements for a most important event. The regular meeting of the Scandinavian Hospital Aid will be held next Tuesday afternoon, at Mrs. K. Gullekson's. A cordial invitation is extended to all.

## Gun Club Handicap

A meeting of the executive of the Gun Club was held at McMurdo's store on Tuesday to make arrangements for the handicap shoot to be carried out by the club. It was agreed to have three classes, namely, A, B, and C, and the average will be taken up until the last shoot. The following is the handicap:

Class A—C. B. McMurdo and J. H. Staples, Wilberg, Murray, F. Ambler, J. F. Richards, W. Barrett and Burke.

Class B—J. Schroeder, E. T. Willmerson, E. Ambler, E. Murray, Walker, O'Connor.

Class C—Abraham, Tracey and Paulson, F. Gross, Wallis and McIlroy, Crane, Geo. D. Wallace, C. C. Bailey, J. H. Walker and H. R. French, not having shot this year are in class C.

It was decided to shoot for the cup now held by C. B. McMurdo, the first 100 birds to count. In perspective of handicap, C. class will have a handicap of 24 birds over class B, and 48 birds over class A, out of 200 birds.

The prizes will be as follows: First, Remington pump gun; 2nd, case Leader shells, 1rd, gun case.

### GUN CLUB SHOOT
